INANGA QUEST

START HERE

1
you're a happy little egg :-)

2
oh no! pests ate your egg :-(
go BACK to START

3

4
good work - you hatched
move FORWARD 3 spaces

5

6
well done, you made it out to sea
move FORWARD 2 spaces

7

8
you dodged being eaten by a jellyfish at sea

9

10
you avoided being eaten by a fish at sea

11
you've made it back to the river

12
sadly, you were caught by a fisherman and became a tasty whitebait patty
go BACK 3 spaces

14
there was a barrier stopping you swimming upstream
move BACK 3 spaces

15

16
you were a snack for a predotor, but it was hungry, so you only
go BACK 1 space

17

18
congratulations! you're back to...
the Love Zone!

19

20
mmm, you've lots of lovely bugs to eat!

21
yuck! you swam into pollution in the river
go BACK 2 spaces

22

23
the Party Zone!
move FORWARD 2 spaces

24

25

26
you've found lots of lovely vegetation to hide in
move FORWARD 2 spaces

28
the bank habitat wasn't suitable for spawning
go BACK 2 spaces
nearly there! it's the new moon and you've only ONE roll to go...

Well done! You've eaten lots and grown into an adult, it's time to swim downstream to 'the Love Zone'!

Te Whāriki/Early Childhood Education - PART 2b: Experience

National Īnanga Spawning Education Programme from

whitebait Connection – Xstream about freshwater life

What the game's about...

This game is based around the life cycle of inanga. You start as an egg, hatch, swim out to sea, come back to the river, grow into an adult, then head back to 'the Love Zone' – and hopefully lay your own eggs.

How to play...

- *you'll need a dice*
- *make or find a game counter*
- *place your counters on the 'start here' button*
- *roll the dice and move your counter forward that number of spaces*
- *follow any instructions in the square you land on*
- *take turns and keep going until the first person gets back to 'the Love Zone' and wins*
